

Alligator
Grateful Dead

This is my first tab so bear with me. The part of the song I am tabbing here starts at

Oh no well I ve been there before
And I ain t gonna come around here no more

right after the first verse. I m not doing the whole song because the site has the rest of the song tabbed out correctly, except for this second verse. (By the way this site is excellent place to find Dead tabs)

This tab isn t exact, but it is something you can work with to get the way you want it.
