**D A**  
On the dreams you still believe  
**E F F#m7**  
Don t give it up, you got an empty cup  
**Em7 F#m7 Em7 F#m7**  
Only love can fill, Only love can fill

**A E Bm D**  
Been walking all morning, went walking all night  
**A E Bm D**  
I can t see much difference between the dark and light

And I feel the wind, and I taste the rain  
**A E Bm D**  
Never in my mind to cause so much pain

COMES A TIME

**A**                               **Em**                               **D**  
Comes a time, when the blind man takes your hand

A bass walk

Says don't you see

**E**                               **F#m**   **E**

Gotta make it somehow

**D**                               **A**

On the dreams you still believe

**E**                               **F**   **F#m -> G**

Don't give it up, you got an empty cup

**F#m**                               **G**                               **F#m**                               **G**

Only love can fill,    Only love can fill

Verse 1:

**A**                               **E**                               **D**

Been walking all morning, went walking all night

**A**                               **E**                               **D**

I can't see much difference between the dark and light

**A**                               **E**                               **D**

And I feel the wind, and I taste the rain

**A**                               **E**                               **D**

Never in my mind to cause so much pain

(Chorus)

Verse 2:

From day to day, just letting it ride

You get so far away from how it feels inside

You can't let go cause you're afraid to fall

The day may come when you can't feel at all

(Chorus)
