strum A furiously followed by G9 2x

(\* - play figure a)

```

A   G   D           C           Em       A   *
No, no! She can t take your mind and leave
  A           G   D           C           Em       A   *
I know it s just another trick she s got up her sleeve
  A           G           D           C           Em       A   *
I can t believe that she really wants you to die
          A           G           D           C           Em       A   *
After all it s more than enough to pay for your lie

A           G           D           A   *
Wait a minute, watch what you re doin with your time
E(12th fret)           D           C           A           G D C Em
All the endless ruins of the past must stay behind,
A   *
Yeah
(scream)

```
