scarlet begonias

this is the way i ve always played it
the first line comes straight from a show they played at cornell
in 1977, phil?s bass booms throughout the whole song

drums and guitar come in first

I.
B 2x
- / 16 x 16 x 16
-
- 2 2 2 / 14 x 14 x 14 6 7 / 9 x 9 x 9
-

now this isn?t the way phil plays it in this particular concert but
this is how i play it and if you don?t like it just change it up
it?s just e to b

II.
E B 2x
-
- 6 x 7 x 9 9 6 7p6 0
- 7 7 6 x 9 x
- 7
A
-
-
-
- 5 55 0 0 4 0 7 5 5 5 5 00 0 4 0 7 5 5 5 00 4 0 7 5 55 00 4 00

repeat intro part in b then go back into e to b part and into a part,
it does this a couple of times and then instead of going into the e
to b part they play:

III.
F# B / 1. E
- 11 11 11 x 9 11 |
- |
- 9 9 | / 7
- 7 7 7 7 5 5 5 |
/ 2.E F# A B

```

-
-           2           4           7           9 11b1/2b11 9
-       2 4           4 6           7 9           9 11
-  0 2/4           2 4/6           5 7/9           7 9/11

```

the order goes like this

```

I
II
I
II
I
III
II
I
II  etc...

```

thats all i know, usually they will go from this into fire on the mountain, which is a b to a progression, but its really easy to figure out, so try this. later, jr
