Intro: G Bm7 C G C D G

G Bm7 C G  
Last night while I lay sleeping

Am7 Em D  
I saw my whole life

G Bm7 C G  
Stretched out, against the ceiling

C D G  
And there you were my wife

G Bm7 C G  
There we lived our lives together

Am7 Em D  
Our home was small in size

Bm7 C G  
But love and laughter filled the walls there

C D G  
And you were by my side

Em C G D  
And I thought

Em C G D  
I d wake up

Em C G D  
And tell you

**Am7**        **Em**        **C**  
If God would give me two

**G**            **C**            **D**        **G**  
I d spend both my lives loving you

There we are now with children  
Now with children sleeping in our bed  
But as I reach out to touch them  
It s only in my head  
Summer nights and Sunday mornings  
Christmas and school plays  
You and I so deep in love  
As I long for those days  
And I thought  
I d wake up  
And tell you  
If God would give me two  
I d spend both my lives loving you

Instrumental:

**Em C G D,**  
**Em C G D,**  
**Em C Bm7 Em,**

Time goes on and now we re older  
Children all but gone  
I ll still play that same guitar  
And sing your favorite songs  
Life goes by the picture s fading  
We don t have much time  
How we lived is how we ll leave  
With your hand in mine  
And I thought  
I d wake up  
And tell you  
If God would give me two  
I d spend both my lives loving you  
And I thought  
I d wake up  
And tell you  
I saw our lives and knew  
I d spend my while life loving you
