Helmet Head
by Great Big Sea

I couldn't find any guitar chords anywhere for this song, so I watched a concert DVD and it out myself.

The chords are:

D: xx0232
G: 320003 or 320033 (whichever you prefer, they're very similar)
A: x02220
Bm: x24432 this one is a pain if you're not experienced, I just play it xxx432, makes a bit easier

Standard Tuning
Capo on 3rd fret!
