

**This Is A Problem**  
**Great Northern**

<http://greatnorthernmusic.com/>

This is a fantastic song and very easy to play.

I can't seem to remember the name of this chord, so I'll call it G\*

G\* (320001)

INTRO: C Am Em G

C Am Em G  
You've got to learn  
C Am Em G  
This is the only one  
C Am Em G  
We had some things  
C Am Em G  
To safely burrow  
C Am Em G  
And here's to the stars  
C Am Em G  
Listen for the sound that hold on

Dm Am G  
All over the sound  
Dm Am G  
Til it touch the ground  
Dm Am G G\*  
Forgets that somehow

C Am Em G  
You've got to learn  
C Am Em G  
You're not the only one  
C Am Em G  
To tow your tongue  
C Am Em G  
Before you come along

Dm Am G  
All over the sound  
Dm Am G  
Til it touch the ground  
Dm Am G

Fall against it somehow

**Dm**      **Am**      **G**      **G\***

Never knowing how... just a sound

**Dm**      **Am**      **C**

All hearts are a little missed

**G**      **Dm**

If they don't get enough

**Am**      **C**

False start to the ending

**G**      **Dm**

To the ending we've come

**Am**      **C**

All along did you know this?

**G**      **Dm**

Did you know this would come?

**Am**      **Dm**

And if it makes you feel love x6

**G\***

...To hear the sound

Outro: **C**   **Am**   **Em**   **G** (Strum each 8 times) x2

(End on **G\*** (strummed 8 times) **C**)
