Great White

The Angel Song

**Am** **Fm** **C** **G**  
Fallen angel ripped and bruised think of better days.

**Am** **FM** **C** **G**  
Life is Rude..treats you bad, tears you wings away.

**Am** **FM** **C** **G**  
Raise you eyes, to star and skys,beleive in flyer ways.

**Am** **FM** **C** **D**  
Take your dreams,broken scheams,and sweep the past away.

**Am** **G** **Fm**  
fly lonley angel....high above these streets of fire.

**Am** **G** **FM**  
fly lonley angel....far awayay from mad desires.( Leave Behind the mad desires)

**Am** **FM** **G**  
Hollywood aint paved with gold...its just a trick of lie.

**Am** **FM** **G**  
sunset falls on stars of old..blind you with it light.

**Am** **FM** **G**  
spiders web of tangled lives they stertched across the hills.

distant says its glistaning like El Darados halls.  
A dream of lights and frequent lives  
but how are you to know  
streets are hard,there meanings scared where olny fool find gold.
