VERSO 1:

B Em                      B Em              B Em

I saw my friend the other day

A              F#

And I don t know

B Em              B Em                      B Em

Exactly just what he became

A              F#

It goes to show

CHORUS 1:

Em                                      F#

It wasn t that long ago

Em                                      F#

I was just like you

Em              F#

And now I think I m sick and I wanna go home

INTERLUDE: B Em | B F# | B Em | A F#

VERSE 2:

B

Em                      B Em                      B Em

How have I been, how have you been

A              F#

It s been so long

B Em              B Em                      B Em

What have you done with all your time

A              F#

And what went wrong

CHORUS 2:

Em                                      F#

I knew you back when

Em                                      F#

And you, you knew me

Em                                      F#

And now I think you re sick I wanna go home

(INTERLUDE - 2x)
