

Goodnight New York  
Green Day

**G** **C**  
I left my blood like bullets over Broadway  
**C** **G**  
The fire of the footlights at the St.James  
**G** **C** **G**  
With broken in legs and roses over New York  
**C** **D**  
These goodnight songs of long lost love and war  
**C** **D** **G** **C**  
But I m alive, I m alive, I m alive like suicide  
**G** **D** **G**  
So goodnight, goodnight New York
