

Suffocate
Green Day

C#5 (Pm)

3 AM, I m drunk again
My head is standing underneath my puke

(F#5 - G#5)

So make it stop, I m getting off
Make it stop, I m getting off

C#5 (Pm)

Sedatives and dizzy spells
And feeling like a salad in my puke

(F#5 - G#5)

So make it stop, I m getting off
Make it stop, I m getting off

F#5 G#5 - C#5
Well, slipped into a coma once again

F#5
Where s my organ donor
G#5
Lend a hand

C#5 - F#5 - G#5
So when you think you re all alone
No one s left to come around
Drop like flies and empathize

F#5 - G#5
Cause I know that I will someday
And I know that I will suffocate

(F#5 -- G#5)
Suffocate, suffocate, suffocate

C#5 (Pm)
One night stands and cheap regrets
I take another drag off of my cigarette
So stop, I m getting off

(F#5 - G#5)
Make it stop, I m getting off
One last stop for one track mind

C#5 (Pm)

Just give me shelter, give me give me something

(F#5 - G#5)

Make it stop, I m getting off

Make it stop, I m getting off
