Tell Me When Its Time To Say I Love You
Green Day

So here is my Version of this beautiful song.

Its i think the perfect way to play it like Billie joe does.
Cause ive seen it on the Show he played it.

Green Day - Tell me when its time to say I love you

G#m   **Eb**
Words get trapped in my mind,

        Fm7   **C#9**
Sorry I dont take the time to feel the way I do.

G#m   **Eb**
 Cause the first day you came into my life,

                        Fm7   **C#9**
All time ticks around you

G#m   **Eb**
But when I need your voice

        Fm7   **C#9**
As the key to unlock the love trapped in me

G#m   **Eb**   **C#9**
So tell me when it s time to say I love you.

G#m

C#9   **G#m**
All I want is you to understand,

Eb   **G#m**
That when I take your hand, it s   cause I want to.

C#9   **G#m**
We are all born even we re in doubt.

Eb
(But) There s no doubt,

```
I figured out...
I love you.

G#m                         Eb
Ive been longing for
             Fm7                              C#9
All the loser that were meant to take the time to say,
G#m                                     Eb
What was really on their mind instead
             Fm7           C#9
Any time away.

G#m                       Eb              Fm7                          C#9
Yet they ll never have someone like you to back down and help along the way.

           G#m           Eb              C#9
Or tell them when it s time to say I love you.
             G#m             Eb            C#9
So tell me when it s time to say I love you.
