Tell Me When Its Time To Say I Love You
Green Day

So here is my Version of this beautiful song.

Its i think the perfect way to play it like Billie joe does.
Cause ive seen it on the Show he played it.

Green Day - Tell me when its time to say I love you

F#m   **C#**
Words get trapped in my mind,

          Ebm7   **B9**
Sorry I dont take the time to feel the way I do.

F#m   **C#**
 Cause the first day you came into my life,

                         Ebm7   **B9**
All time ticks around you

F#m   **C#**
But when I need your voice

            Ebm7   **B9**
As the key to unlock the love trapped in me

F#m   **C#**   **B9**
So tell me when it s time to say I love you.

F#m

B9   **F#m**
All I want is you to understand,

C#   **F#m**
That when I take your hand, it s cause I want to.

B9   **F#m**
We are all born even we re in doubt.

C#
(But) There s no doubt,

```
I figured out...
I love you.

F#m                     C#
Ive been longing for
            Ebm7                                    B9
All the loser that were meant to take the time to say,
F#m                             C#
What was really on their mind instead
            Ebm7            B9
Any time away.

F#m                     C#              Ebm7                        B9
Yet they ll never have someone like you to back down and help along the way.

          F#m          C#              B9
Or tell them when it s time to say I love you.
          F#m             C#              B9
So tell me when it s time to say I love you.
