This one's pretty straight forward. Only thing I'm not 100% about is a couple of the lyrics.

Capo 4

Am **F** **Am** **G**
Should have been a farmer blamed it on the weather
Dm **Am** **F** **G**
With a tired back and soiled hands to show for my efforts
Am **F** **Am** **G**
Burned and dry from all of these questions
Dm **Am** **F** **G**
What's it worth, does it last, is this wrong?

CHORUS

C **G** **Am**
Handguns Make less mistakes
F **C** **G**
Without Love feel it in vein
C **G** **Am**
Handguns we've borrowed incase
F **G** **C**
This works We can't pay for it

Intro/Verse chords Repeat. That's the gist of it.
