

Goodbye

Greg Laswell

Bm7 **A** **G**
It was really nice to meet you, goodbye

Bm7 **A** **G**
It s high time I quit wondering why

Bm7 **A**
Cause I have lost all that I can

Bm7 **G**
From my side

Bm7 **D**
And when you think of me again

A (pluck technique) **G** * 2 pluck (Strum 2, 0, 0, 0, xx) tab then **G**)
Know I tried, I tried

Bm7
Goodbye

Bm7 **G** * 2 pluck **G**â€¦.. 00oooooo

Forgive me while I lay here
But I have nowhere else to be
I figure when I leave this time
It s for keeps
And when I say good morning next
I ll lie, I ll lie
This is goodbye

Em **G**
Then lonely lay the day

D **A**
I can t remember you at all
And it s not easy to say that day
Has already come and gone
And all that remains is a place
Where you no longer are

One day I won t regret this
Oh how I want to believe that s true
Once I pick up my parts I broke on you
I ll get used to the idea
It s not you
Not you
Goodbye
