this isn't tabbed by me, it is from <http://www.youtube.com/watch?gl=SG&hl=en-GB&v=DbvqGfduB3c> which is really beautiful on piano. there aren't any good tabs for this absolutely gorgeous song and these chords work out just fine so I was wondering why not just post it here to share with every :) props to the person who tabbed it! (not me so don't credit me!) :)
