Gregory and the Hawk - Victorian Full

capo: 4

**Am, Am7..**

I could feel you endlessly  
If only i could manage to stay asleep  
Drawings are the pictures i don t wanna see

**C**

Blue eyes in a sepia dream

**Em, A..**

Watch out for the fire  
Lighter fluid fault inspired  
Contributes to my ire

**C**

The doors are shut and the straits are dire

**Em**

and the straits are dire

**Am, Am7..**

Your face could last forever  
If only i could inhale for sure  
The age-old adage of always wanting more

**C**

When achieved is such a bore

**Em, A..**

Watch out for the fire  
Lighter fluid fault inspired  
Contributes to my ire

**C**

The doors are shut and the straits are dire

**F, Em, F, Em...Am**

**Am, Am7..**

If only i could manage to stay asleep
