[Verse 1]

D Dsus2 A F#m A

You wandered through every chartered street

Bm D D Dsus2 D

Knew where the flowing water goes

D Dsus2 A F#m A

And down in every face you meet

Bm D D Dsus2 D Dsus2

You found a sadness, a story untold

[Pre-Chorus]

Bm Dsus2

You feel all the cries of all the men

D G

You feel all of their fear

Bm Dsus2

And in your voice and in your bed

D G

My mind sees thoughts that I can't hear

[Chorus]

D Dsus2 A

Could you leave them all in London?

Bm D

Could you leave them all there?

Bm

Could you run past your devils?

A Dsus2

And let your mind be clear

D A

Could you leave them all in London?

Bm D

Could you leave them all there?

Bm

Cause in you, there's an angel

A Dsus2

An angel trapped by fear

D

You're so trapped by fear

[Interlude]

[Verse 2]

D Dsus2 A F#m A

You live your life on the line

Bm D D Dsus2 D

While every blackening church appals

And all their words run sapless and dry

Bm D Bm D Bm

And they run like bloods on your apartment walls

[Pre-Chorus]

Bm Dsus2

You feel every cry of every man

D G

You feel all of their fear

Bm Dsus2

And in your voice and in your bed

G

My mind sees thoughts that I can't hear

[Chorus]

Well I'll be here

Oh, I'll be here

I ll be here
