

**Realiti  
Grimes**

[Intro] **G# A# Cm D#**

**G#**

When we were young we used to live so used to it

**A# Cm D#**

And we were scared and you were beautiful

**G#**

And when I peered over the edge and seen

**A# Cm D#**

Death, as if we are always the same

**G# A# Cm**

Oh, and I feel that nothing in life could

**D#**

Ever be like that again

**G# A#**

Cause your love kept me alive and made me

**Cm D#**

Insane

**G#**

There were moments when it seemed okay

**D#**

(But I go back alone)

**G#**

To this moment away, do you stay?

**D#**

(I go back alone)

**G#**

There were times when the music would play

**A# Cm D#**

Oh o ah Ooo

**G#**

Oh, baby, every morning there are mountains to climb

**Cm**

Taking all my time away

**G#**

Like, get up, this is what I see

**Cm ( D# )**

Welcome to reality
