from the album Bee Thousand

standard tuning (EBGDAE top to bottom)

NOTE: I haven't tabbed the acoustic intro; if you want to experiment, tune your guitar slightly flat from standard tuning and use variations of the verse chords.

Also, I haven't included exact number of keystrokes in verse progression; I tabbed it to show different voicings I use for same named chords in the verse. If you have other voicings you prefer to use for these chords, be my guest (gee, thanks dude).
