

Vermillion
Guillemots

Hey! This is just how I play the song on my acoustic guitar, I noticed there wasn't a tab up so I thought I'd do one... It's not the chords the band use but it sounds right if you're singing it yourself. Enjoy x

Em D Am C Am Em

Em

There's a man with a face like sorrow

D

Now he's gone for good

Am

C Am

How could anyone hold you

Em

Without feeling good?

Em

There's a shop where the thoughts that I borrow

D

Swim around my head like snow

Am

C Am

How could anyone ignore you?

Em

So play on, play on, play on

D

The skies are made vermilion

Am

We're singing in a concrete star

C

Em

Oh we're all just castles in the cards

Em

There's a hope in my blood when I see you

D

I hear crashing drums

Am

C Am

How could any other language

Em

Hope to lead me on?

Em

Little sparks in the puddles shoot like darts

D

at all the things we might be, you and me

Am

C Am

and time itself is frozen

Em

So play on, play on, play on

D

The skies are made vermillion

Am

Killing all the saints tonight

C Am

Em

Oh play on, you shadows of the night

Em

So play on, play on, play on

D

The skies are made vermillion

Am

If all I was was all I felt

C

Then the sun itself would start to melt

C

Into waterfalls pouring down like snow

Into waterfalls pouring down like snow

Oh play on
