Song: Fly
Artist: Gungor
Album: Ancient Skies
tabbed by Erik Pearson

capo 2

Em7 **D/F#** **G** **C2**
All this doubt, trying to work it out
 G **G/B** **C**
Could you lay it down, for now?
 Em **D/F#** **G** **C2**
It s good to think, but it s good to drink
 G **G/B** **C**
From this living stream, so why

Chorus

C **D/F#** **G**
Why don t you fly
C/E **F**
Free your mind
B/D# **Em** **D/F#** **G**
To all this splendor
C **D/F#** **G**
Why don t you fly
C/E **F** **B/D#** **Em**
To the arms that save

You can come while your heart feels numb
You could just lie down and rest
Or lift your eyes to the open sky
We could come alive and fly
