intro: **A G#m F#m**

A G#m F#m
The smartest men, they built a rocket
A G#m F#m D
Aimed it at a target far, far, far away
A G#m F#m
But by the time they knew they lost it
A G#m F#m
It was a long way, was a long way, was a long way
A G#m F#m
Were a long way, were a long way, were a long way off

intro

A G#m F#m
The smartest men, they saw a world with
A G#m F#m D
Corners and endings far, far, far away
A G#m F#m
But when they drew it out and searched it
A G#m F#m
They were a long way, were a long way, were a long way
A G#m F#m
Were a long way, were a long way, were a long way off

intro

A G#m F#m
It was a long way, was a long way, was a long way
A G#m F#m
Were a long way, were a long way, were a long way off

riff 16x

A **G#m** **F#m**
 The erudite composed a thesis

A **G#m** **F#m** **D**
 Everything we see is all, all, all there is

A **G#m** **F#m**
 But as an apophatic mystic

A **G#m** **F#m**
 Were a long way, were a long way, were a long way

A **G#m** **F#m**
 Were a long way, were a long way, were a long way off

intro

riff 5x

A **G#m**
 When the waves of time

F#m **D**
 Wash the shores stark clean

A **G#m** **F#m** **D**
 Of the memories, the last of me

A **G#m** **F#m** **D**
 With my castles gone to the constant sea

A **G#m**
 Will you stay with me

F#m **D**
 Stay with me
