When all is said and done
F#m
We re not the only ones
E
Who look at life this way
F#m
That s what the young folks say
E
And if they d ever change
F#m
That s not who am I to say

   B
But every time I d see them
        A
Makes me wish I had a gun
     B
If I thought that I was crazy
       A

E G#m C#m A [x2]
Na na na na...

      E
On an ordinary day
         G#m
Not in an ordinary way
      C#m
All at once the song I heard
   A
No longer wouldn t play
       E
For anybody
      G#m
```

Or anyone
```
            C#m
```
That needed comfort from somebody
```
        A
```
Needed comfort from someone
```
          E
```
Who cared
```
    G#m
```
To be
```
          C#m
```
Not like you
```
            A
```
And unlike me
```
                          E
```
And then the voices ran away
```
        G#m
```
From me
```
            C#m
```
So now you set the wheels in motion
```
    A
```
It haunts our memories
```
              E
```
You were the instrument
```
              G#m
```
You were the one
```
      C#m
```
How a body took a body
```
      A
```
And gave that boy a gun
```
              E
```
You took our innocence
```
          G#m
```
Beyond our stares
```
              C#m
```
Sometimes the only thing you got at all
```
      A
```
When no one else is there

E G#m C#m A
