verse 1,2,3

```

B5                A5                E5                A5 B5
she hit town like a rose in bloom, smellin sweet said sweet perfume
                A5                E5                A5 D
the colour faded and the petals died, down in the city no one cried
                E5(7)                E    E5(7) E
in the streets the garbage lies protected by a million flies
    B5                A5                E5
the roaches so big you know that they got bones

```

E6 E E5 E6 E E5 E6 E5
they moved in and made a tenement home
