

**Just Another Sunday**

**Guns N' Roses**

Introdução: **F, Gm, C7** (4x)

**F** **Gm** **C7**

I know you've been dreaming about the times in our lives

**F** **Gm** **C7**

But I've been screaming in my bed late at night

**F** **Gm** **C7**

A space a little, little and your stack of pain

**F** **Gm** **C7**

Makes it grip that skull, to me child that you'll stay

**F** **Gm** **C7**

You've been in my life so long, can I get through to you

**F** **Gm** **C7**

I touch your eyes and it shades my life blue

**Dm** **Gm** **C7**

There's something I need to say before it's too late

**Dm** **Gm** **C7**

But I won't hold you back, while I'm begging you to stay

**F** **Gm** **C7**

Just another Sunday

**F** **Gm** **C7**

Just another Sunday Oh yeah

**F** **Gm** **C7**

Just another Sunday

**F** **Gm** **C7**

Just another Sunday, Oh yeah

**F** **Gm** **C7**

There's too many games in a day for a simple man to face

**F** **Gm** **C7**

That desperate moment in your life where you can't be afraid

**F** **Gm** **C7**

Don't think your second chance will break around the bend

**F** **Gm** **C7**

Comes hearts don't always share love, or the person on the other end

**F** **Gm** **C7**

You've been in my life so long, can I get through to you

**F** **Gm** **C7**

I touch your eyes and it shades my life blue

**Dm** **Gm** **C7**

There's something I need to say before it's too late

**Dm** **Gm** **C7**

But I won't hold you back, while I'm begging you to stay.... yeah

**F** **Gm** **C7**

Those are tickets for the same plane, bring it back to me  
**F** **Gm** **C7**  
Comes felling the same pain makes half the luxury  
**F** **Gm** **C7**  
Take a walk away won't end the carousel  
**F** **Gm** **C7**  
But if walking away can bring you back, then I wish you well  
**F** **Gm** **C7**  
You've been in my life so long, can I get through to you  
**F** **Gm** **C7**  
I touch your eyes and it shades my life blue  
**Dm** **Gm** **C7**
