Gustavo Bertoni
[Intro]
D Bm G A Bm A
[Verse]
I m young
                      Bm
What can I know of the tide turn
How can I wish to descry
All shades of white, all types of gray?
D
I ve sung
To rebels, old men
   Bm
The poor and rich
And all I can be sure of is
We look for love perpetually
[Chorus]
                F#7
So I ll solely exist
        Am7 G
Soulfully grasp each second
              F#7
I ll take every risk
          Am7 G
Disconnect all fear, separateness
[Verse]
I m done
Trying to win every battle
How can I wish to rejoice
                                    Bm
When my mind is stuck in this losing game?
D
I fall
