

The Road

Gustavo Berton

G

Listen to me closely

C D

There s so much I want you to know

B C

Is it cool if I take it slowly?

Em D

Suddenly I feel alive

G

I ve been waiting for this

C D

A place in my mind where I feel free

B C

Free to do whatever I please

Em D

Please, stick with me for one more night?

(**G D C**) 2X **D**

G

Constantly, I m searching

C D

Every step I take is a risk

B C

Doubts will come but surely, they ll miss me

Em D

I ve had enough of this state

G

There on the horizon

C D

Every possibility shows

B C

That there s always something to hold on to

Em D

If we truly believe

(**G D C**) 2X **D**

(riff)

My bags are all packed
Filled with all I want to be
Hollow for all that is new
The road, it is calling for me

A journey I ll seek
Through darkened valleys I ll walk
A pilgrim s path to complete
The road it is calling for me
It s calling for me

(**G D C**) 3X **G**

It s calling for me
