

What If I...

Gustavo Bertoni

[Intro] D7

What if I told you you're the one
Would you please come home again?
And if I told you my secrets
Would you please
Oh please, come home?

I've always wished I'd see the day
That I'd find the words to say
How I feel about our love

What if I chased you round the world
Would you like my company?
And if I bought you a flower
For everyday that you say you love me

I've always wished I'd see the day
That I'd find the words to say
How I feel about our love

Assobio: G Em C D G
Em Bm C D Em

I never thought I'd see the day
That I'd find the words to say
How I feel about our love
What if I... ?
