

**Lightning Rod**  
**Guster**

I dropped this down a few keys to make it easier to sing if you have a low voice. It makes the chords easier to play, too. The intervals are all correct.

**Am**                    **Em**  
Standing on a building I am a lightning rod  
          **F**                    **C**    **E**  
And all these clouds are so familiar  
          **Am**                    **Em**  
Descending from the mountaintops the gods are threatening  
          **F**                    **C**    **E**  
But I will return an honest soldier

**D**    **Am**  
Home

**Am** **Em**    **F**    **C** **E**

**Am**                    **Em**  
Steady on this high rise like every lightning rod  
          **F**                    **C**    **E**

**Am**                    **Em**  
Swimming in adrenaline the sky is caving in  
          **F**                    **C**    **E**  
But I will remain the honest soldier

**D**    **Am**  
Home
