Guy Clark - Maybe I Can Paint Over That

C **F** **G**
I ve smeared my heart on my sleeve
C **F** **G**
I ve tagged my name on the wall
C **F** **G**
It s prob ly time for me to leavess
C **F** **G**||
Actin big and talkin small-i

I ve tracked blood in on the floor
I put my first through the wall
I ve dragged trouble through the door
And I ve spilled wine on it all

(chorus)
Maybe I can paint over that
It ll prob ly bleed through
Maybe I can paint over that
But I can t hide it from you

I ve got some ink beneath my skin
A good idea at the time
I won t be doing that again
Not with any arm of mine

And I have stumbled in my time
I left my footprints down the road
And the part of me that shines
Ain t the part of me that s showed
