Guy Sebastian

[Verse 1]

G **C** **G**
These little bars, they can try, they can try
C **G** **D**
But they re never holding us back
G **C** **G**
And these little tubes they don t keep you alive
Em **D** **C**
Only our love can do that

[Chorus]

C **D** **G** **C**
Lets both pretend that this bed can fly
C **D** **G** **C**
It s our little secret, only us in the sky
C **D** **G** **C**
If you get tired baby I will take the wheel
C **D** **Em**
Imagine the sunrise with me
C **D** **G**
We imagine the sunrise don t we

[Verse 2]

G **C** **G**
And these little bones may be fragile they say

But you have the heart of a lion

And no matter what may get thrown our way
Em **D** **C**
Somehow you manage a smile

[Chorus]

C **D** **G** **C**
Lets both pretend that this bed can fly
C **D** **G** **C**
It s our little secret, only us in the sky
C **D** **G** **C**
If you get tired baby I will take the wheel
C **D** **Em**
Imagine the sunrise with me
C **D** **G**
We imagine the sunrise don t we
