

Country Strong
Gwyneth Paltrow

Tabbed by Jessica Kuligowski

I am a little iffy on the outro, and possibly the Cadd9 (I play it that way,
and it
good but not totally right)

G
I know you see me, Like some wide eyed dreamer

C **D**
That just rolled in off a dusty mid west bus

G
Yeah, on the outside I look fragile

Em7 **D**
But on the inside is something you can t crush

CHORUS

G
Cause I m country strong, Hard to break

C **D**
Like the ground I grew up on

G
You may fool me, And I ll fall

C **D**
But I won t stay down long

G
Cause I m country strong

(same chords as 1st verse)
I have weathered, Colder winters;
Longer summers Without a drop of rain
Push me in a corner, And I ll come out fighting
I may lose but I ll always keep my faith

repeat CHORUS 2x

G
I m country strong

G
Yeah, I m country strong

Em7 **D G**
I m country strong
