Lyrics

On a desert day in Meremac Spring
Our lives were changing
I was floating down that riverway
And there s no other place I d rather be
Cause she s new to me
And I
I can t get her out of my mind.

I keep falling in and out with you
My skins burned
And she started laughing
What am I gonna do
And I can t can t get her out of my mind

And I
I can t get her out of my mind.
