Used To This
Hailee Steinfeld

[Verse 1]
F#
Waking up, waking up

                          A#m
In a T shirt that says, I m

Too busy doing nothing
        F#
Rolling up, oh I m rolling up

                      A#m
To the kitchen to get some

Fruit Loops in the morning
          F#
And all I want, baby all I want

             A#m
Yeah all I wanna be is sprawled out on the mattress, uh

           F#
But now you re taking up, oh you re taking up

                    A#m
yea you re taking up the space

Layin where my chest is

[Pre-Chorus]
        B
And I m used to doing, what I want, when I want

           D#m   **F#**
And now your occupying my brain a lot, yeah

        B
And I m used to doing, what I want, when I want

              D#m   **C#**
And now you re occupying me

[Chorus]
                      F#
And I could get used to this

Oh I could get used to this

                  A#m
Lips on my lips like this

Pulse on my skin like this
                F#
I could get used to this

Oh I could get used to this

```
                  A#m
Body on mine like this

All of the time like this

[Verse 2]
         F#
Move your seat, the driver s seat
                  A#m
Back to me and breathe

Breathe out, touch my mirrors
                   F#
And I ll keep you safe, yeah I ll keep you safe
                                 A#m
When you re drinking that red cup

Red cup, all clear

[Pre-Chorus]
        B
And I m used to doing, what I want, when I want
           D#m                     F#
And now your occupying my brain a lot, yeah
         B
And I m used to doing, what I want, when I want
              D#m              C#
And now you re occupying me

[Chorus]
                          F#
And I could get used to this

Oh I could get used to this
                      A#m
Back from a night like this

Hand on my chest like this
                          F#
Oh, I could get used to this

I could get used to this
                      A#m
Hands on the floor like this

Us here alone like this

F# A#m

[Bridge]
          B
You know I didn t realize that it could be this good
                   D#m         F#
```

I underestimated it, mated it
           B
You know I didn t think that it would take this long
           D#m
just to get acclimated to it
C#
But it did

[Chorus]
                              F#
And I could get used to this

Oh I could get used to this
                      A#m
Back from a night like this

Making it last like this
                          F#
I could get used to this

Oh I could get used to this
                        A#m
Body on mine like this

All of the time like this
