

Want You Back

HAIM

[Intro] C G F

Some things are long forgotten

Some things were never said

We were on one endless road

But I had a wandering heart

I said we were opposite lovers

(Said it from the beginning)

You kept trying to prove me wrong

(Said you'd always see it through)

And I know that I ran you down

So you ran away with your heart

But just know that I want you back

Just know that I want you back

Just know that I want you

I'll take the fall and the fault in us

I'll give you all the love I never gave before I left you

Just know that I want you back

Just know that I want you back

Just know that I want you

I'll take the fall and the fault in us

I'll give you all the love I never gave before I left you

I know it's hard to hear it

C G F

And it may never be enough

D5

But don't take it out on me now

F

Cause I blame it all on myself

And I had a fear of forgiveness
