

Midnight Expressionist
Hale

Verse:

E
Take me as you are
B **A**
Push me off the road
C#m **B** **A**
The sadness I need this time to be with you
E
Iâ€™m freezing in the sun
B **A**
Iâ€™m burning in the rain
C#m **B**
The silence Iâ€™m screaming
A
Calling out your name

Pre-chorus:

C#m
And I do
A
Reside in your light
F#m **B7**
Put out the fire with me and find
C#m **A**
Yeah you lose the side of your circles
F#m **B7**
Thatâ€™s what Iâ€™ll do if we say goodbye

Chorus:

E **B**
To be is all I got to be
F#m
And all that I see
A
And all that I need this time
E **B**
To me the life you gave me
F#m -A
The day you said goodnight

Verse: (PLAY VERSE CHORDS)

The calmness in your face
That I see through the night
The warmth of your light is pressing unto us
You didnâ€™t ask me why
I never would have known
Oblivion is falling down

(REPEAT PRE-CHORUS AND CHORUS)

Bridge:

C#m **B7**

If you could only know me

A

Like your prayers at night

C#m **B7** **A** **B7**

Then everything between you and me will be alright

(REPEAT CHORUS)

Coda: (play chorus)

Sheâ€™s already taken

Sheâ€™s already taken

Sheâ€™s already taken me

C#m-B-A

The day you said goodnight
