Em C G D
I m sorry, I m really a mess right now
Em C G D
I m trying my best to get it together somehow
Em C G D
I can t see this way, light up in this pain that you left me
Em C G D
I m unraveling, looking for things that ll never be

[Pre-Chorus]

Em C G D
Stars fade away they just crash into space
Em C G D
Disappear from the light like you and I

[Chorus]

Em C G D
Tell me where love goes when it s gone

Tell me where hearts go when they go wrong

Suddenly someone is no one I've come

Undone, undone, undone

Undone, undone, undone

[Verse]

I'm sorry, I let me fall for you

I can erase you and forget you but I can't undo you

You're the hand I can't hold

The words I'm not told when I'm lonely

And I don't want you back, I just want to have what you took from me

[Pre-Chorus]

Stars fade away they just crash into space

Disappear from the light like you and I

[Chorus]

Tell me where love goes when it's gone

Tell me where hearts go when they go wrong

Suddenly someone is no one I've come

Undone, undone, undone

[Bridge]

I'll come around again

I know it's not the end

But right now I've got nowhere to begin

To begin

[Chorus]
