Halford - Light of the World  
Album: Winter Songs (2009)  
Transcribed by Jon Malmin (jogusmal@hotmail.com)  
Tuning: Standard E

From Rob's Christmas album. The chords are the same for each verse and chorus...

[Verse]

**E** **C**  
Light of the world, there's a place you live  
**E** **C**  
Here in my heart, I know  
**E** **C**  
Light of the world, all my dreams are made  
**E** **C**  
True by the love you show

[Chorus]

**G** **D**  
I can say with all honesty  
**Em**  
That you set me free  
**B**  
From the day that we met  
**G** **D**  
Light delight of a distant star  
**Em**  
Put me from afar  
**B7**  
I can never forget

Light of the world, I am home at last  
Safe from the pain I know  
Light of the world, as you shed upon  
All of my life I've grown

When I think of the special day  
There's so much to say  
I don't know where begin  
But I guess that you understand  
And you had it planned  
When I took your light in

Solo backing: **Bm A Am G** (x2)

Light of the world, it's so easy now  
You stand by me, I know

Light of the world, all I have to do  
Here, what s to say, let go... Go...

(Play the E - C progression until the end)  
You re my light of the world  
Light of the world...
