You wrote 100 letters just for me
                                                   G/B
And I find them in my closet in the pockets of my jeans
Now I m constantly reminded of the time I was 19
Every single one s forgotten in a laundromat machine
But I don t let him touch me anymore
I said I m not something to butter up and taste when you get bored
Cause I have spent too many nights on dirty bathroom floors
To find some peace and quiet right behind a wooden door
