Halsey

Am

I was as pure as a river

G

But now I think I m possessed

C

You put a fever inside me

G

And I ve been cold since you left

Am

I ve got a boyfriend now and he s made of gold

F

You moved past your own mistakes in a bed at home

C

I m hoping you could save me now but you break and fold

G

You ve got a fire inside but your heart s so cold

Am

Cause I ve done some things that I can t speak

F

And I ve tried to wash away but you just won t leave

C

So won t you take a breath and dive in deep

G

Cause I came here so you d come for me

Am

I m begging you to keep on haunting

F

I m begging you to keep on haunting me

C

I m begging you to keep on haunting

G

I m begging you to keep on haunting me

Am

We walk as tall as the skyline

G

And we have roots like the trees

C

But then your eyes start to wander

G

They weren t looking at me

G

You weren t looking for me

Am

Cause I ve done some things that I can t speak

F

And I ve tried to wash away but you just won t leave

C

So won t you take a breath and dive in deep

G

Cause I came here so you d come for me

Am

I m begging you to keep on haunting

F

I m begging you to keep on haunting me

C

I m begging you to keep on haunting

G

I m begging you to keep on haunting me
