Is There Somewhere Halsey

You were dancing in your tube socks in our hotel room, C Flashing those eyes like highway signs. Light one up and hand it over, rest your head upon my shoulder. F:m I just wanna feel your lips against my skin. F:m White sheets, bright lights, crooked teeth, and the night life. You told me this is right where it begins. C But your lips hang heavy underneath me. And I promised myself I wouldn t let you complete me. Em I m trying not to let it show, that I don t want to let this go. Em Is there somewhere you can meet me? Cause I clutched your arms like stairway railings. C And you clutched my brain and eased my ailing. F:m You re writing lines about me; romantic poetry. Your girl s got red in her cheeks, cause we re something she can t see. C And I try to refrain but you re stuck in my brain. And all I do is cry and complain because second s not the same. (**Em C G**)(4x)Εm I m sorry but I fell in love tonight. I didn t mean to fall in love tonight. You re looking like you fell in love tonight. Could we pretend that we re in love?
