

**Trouble**  
**Halsey**

**Em** **G C**  
Would you bleed for me?

**Em** **G C**  
Lick it off my lips like you needed me?

**Em** **G C**  
Would you sit me on a couch with your fingers in my mouth?

**Em** **G C**  
You look so cool when you re reading me

**D** **Bm**  
Let s cause a little trouble

**Am** **Em**  
Oh, you make me feel so weak

**D** **B**  
I bet you kiss your knuckles, right before they touch my cheek

**C D Bm C**  
But I ve got my mind made up this time

**C**  
Cuz there s a menace in my bed

**D**  
Can you see his silhouette?

**Bm**  
Can you see his silhouette?

**C**  
Can you see his silhouette?

**C D Bm C**  
But I ve got my mind made up this time

**C**  
Go on and light a cigarette

**D**  
Set a fire in my head

**Bm C C D Bm C**  
Set a fire in my head, tonight

**Em** **G C**  
Would you lie for me?

**Em** **G C**  
Cross your sorry heart and hope to die for me?

**Em**  
Would you pin me to a wall?

**G C**  
Would you beg or would you crawl?

**Em** **G C**  
Stick a needle in your hungry eyes for me?

**D** **Bm**

Let s cause a little trouble
