HammerFall

Tabbed by Ian The Templar
Dreams Come True by Hammerfall
From the album Crimson Thunder

Tune down guitar half-step

Emi **Ami**
Never thought I d feel again

Dmi **C** **G**
Feel the darkness fade and see the morning sun arise

Emi **Ami**
Never thought I d feel alive again

Dmi **C** **G**
Senses dull and blunt from all the lies

Ami **Emi**
Now when I hold your face so close to mine

Dmi
I see a place where to sun will shine

C **G**
With you it is divine

C **G**
Looking down into those eyes

Dmi **C** **G**
I know, I ll be lost and never found again

C **G**
Kiss me once and I will surely melt and die

Ami **Dmi** **G** **C** **Ami**
Kiss me twice and I will never leave your side

C **G** **Ami**
(If) Dreams Come True

The rest is prety much the same except for the end of the final chorus which goes like this-

C **G**
Until the sign of winter

C **G**
Always by your side

	E	A	D	G	B	E
