

**I Believe
HammerFall**

Em **A** **G**
Is it too late to go in peace, I wonder how
Em **F#**
how these things did start anyway
Em
Maybe too late to find a way, when the
A **G** (bass line can go **G-F#** just before **Em**)
trail of grief is marked with memories

Em **F#** **Em**
Now when you re gone, the warmth
F# **Em** **F#**
of the sun seems so far-a-way

CHORUS

Em **Dsus2** **Csus2**
I believe - in everything I see, every
Em **Dsus2** **Csus2** (**Bsus2**)
second is a miracle for me
Em **Dsus2** **Csus2**
I believe - after sunshine comes the
Em
rain, and when it s pouring down
Dsus2 **Csus2** **Bsus2** **Em** **Asus2** **Em** **Asus2**
the only thing I feel is pain

Verse2:

I walk alone through shapeless dreams
my only home is the wasteland that I cross
I close the door and turn the key
those days of joy are barely memories
Now when you re gone, your star will
shine on, wont you shine for me

Chorus:

I believe- in everything I see, every
second is a miracle for me
I believe- after sunshine comes the
rain, and when it s pouring down
the only thing I feel is pain

During the Chorus part Em is played for 3/4 only, then 1/4 of Dsus2 (5th fret) comes then Csus2 (optionally for 3/4 with one Bsus2, or it can go for one beat)
