**If You Give Up**
**Hands On Approach**

**D-Bm-A-Em**
if you don t wanna wait
you left me inside out
it s too hard for me
there s no easy way out

you don t know and don t ask how
that i m gonna make it work again
you don t know and don t ask why
that i m gonna make it once again

refrao
D-Dc#-Bm--A--G--Df#--Em--A
if you give up now, whos gonna loose
which one of us, is given up now of being free
and if you give up now, whos gonna loose
which one of us, is given up now of being free

distance from between us
that we can t shake out
it s cristal clear, but
it ain t gonna last

you don t know and don t ask why
that i m trying to make it work
make it work

refrao

just look around and see
who you really need
who you really want

refrao (2x + 1/2)

just look around and see
if you give up you won t be free
you won t be free yeah yeah
