

Phineas Gage
Hank Green

Not sure if these are 100% correct, but i was watching Hank play and it looked and sounded like this was what he was playing.
Standard tuning

D	C	G
Oh,	Phineas Gage was	25 years old in 1848.

D	C	G
And he liked his job, working at the railroad, but he had another fate.		

D He was blasting rock when something distracted him. **C**

D And he forgot to put the tamping sand in. **C**

D **C** **G**
He shoved the tamping rod into that little hole onto the blasting powder.

D C G

And suddenly his entire left frontal lobe had been turned into clam chowder.

D C G D C G

Oh this is the story of Phineas Gage, who was stabbed in the brain.

D C G D C G

And once your frontal lobe has been destroyed, you can never go home again.

And so on. DFTBA
