

Dick In Dixie
Hank Williams III

E

Well, some say I m not country

B7

And that s just fine with me

Cause I don t wanna be country

E

With some faggot looking over at me

And they say that I m ill-mannered

B7

That I m gonna self-destruct

But if you know what I m thinkin

E

You ll know that pop country really sucks

Chorus:

E

Well I m here to put the Dick in Dixie

B7

And the c**t back in country

Cause the kind of country I hear now days

E

Is a bunch of sh*t to me

And they say that I m ill-mannered

B7

That I m gonna self-destruct

But if you know what I m thinkin

E

You ll know that pop country really sucks

Well they re losing all the outlaws

That had to stand their ground

And they re being replaced by these kids

From a manufactured town

And they don t have no idea

Bout sorrow and woe

Cause they re all just too damn busy

Kissin ass on Music Row
