

Gone But Not Forgotten
Hank Williams III

(intro) **D C G**

D C G
Drifting just like a dog now
D C G
Running with no place to go
D C G
I m trying to get over something
D C G
That did its best to take my soul

(chorus)

D C G
Cos your gone but not forgotten
D C G
And I see your smiling face
D C G
One day I ll be over you dear
D C G
When I m done living in this place

I ve been torn down and thrown outta here
Shaking like a bag of bones
Looking for some piece of mine
Until you let me go

(chorus)

I ve played every card I have
Each time I had to fold
One day I might try to win back
The love from me that you ve done stole

(chorus)
