

Dixie On My Mind
Hank Williams Jr.

D G
All the stations up here they don t sign off with Dixie
D A
the way they did in sweet home Alabam
D G
And the people here don t sip Jack Daniels whiskey
D A D
The way they do in the Tennessee mountain land.

I ve always heard alots about the Big Apple
So I thought I d come up here and see.
But all I ve seen so far is one big hassle
Wish I was camped out on the okchoabee

G D
If this is the promise land, I ve had all I can stand
A
And I m heading back below that Dixie line.
G D
Now, I just don t fit in and I ll never come back again
F G D
But I m busted here and I got Dixie on my mind.
F G D
Oh, I m stuck up here and I got Dixie on my mind.

These people never smile or say a word
They re all to busy trying to make an extra dime.
Oh I d love to haul them all down around Spartanburg
And show em how to raise hell in Caroline.

Oh the things you know that I miss most of all
is the freedom of the rivers and the pines.
They don t do much hunting and fishing up here you know
But I have met a few squirrels and one porcupine.

(Chorus 2)

Well, if this is the promise land, I ve had all I can stand
wish I was down in Houston town tonight.
Now I just don t fit in and I ll never be back again.
But I m busted here and I got Dixie on my mind.
Lord I m stuck up here and I got Dixie on my mind.
